CHINESE WHO MAY RETURN HERE

Attorney General Griggs Files an Opinion of Local Interest.

WASHINGTON, Jan. 19.—Attorney General Griggs in an opinion forwarded upon the request of the Secretary of the Treasury, holds, first, that a person born in the Hawaiian Islands, in 1883 of Chinese parents who are laborers and taken to China with his mother in 1883, is entitled to re-enter the Territory of Hawaii, where his father still resides; second, that the wife and children of a Chinese person, who was naturalized in Hawaii and still resides here, are entitled to enter that Territory by virtue of the citizenship of the husband and father.

This opinion is based upon the assumption that the Chinese person in question, born and naturalized respectively in the Hawaiian Islands, was in fact citizen of Hawaii under its laws and regulations in August 12, 1888, and had not abandoned nor lost their rights as such.

A Street Tragedy.

VANCOUVER, B. C., Jan. 19.—A special from Vernon, B. C., says Lee English, 29 years old, shot Thomas Carson, his brother-in-law, three times through the body, killing him instantly and also fatally wounding William Carson, who was in Thomas' company. The affair took place on the street and was the outcome of the charges of ill-treatment of Mrs. Carson, English's sister, by her husband. Young English bought a revolver several days ago, stating that he feared Carson would kill him. It is said that Carson struck English with a club before the shooting began. The deceased had a club clasped in his hand when he picked up and with this weapon he is supposed to have inflicted the wound on English's head.

A School Room Tragedy.

PARIS, Jan. 19.—A tragic incident occurred at the College of France this afternoon. A young Russian girl student, Vera Gelo, tried to assassinate an aged professor, Senator Emile Deschanel, brother of the President of the Chamber of Deputies. The professor had just concluded a lecture on French literature when Vera Gelo, who was one of the audience, pointed a revolver at him. Her friend, another Russian student, noticing the movement, sacrificed himself by intervening, and received a bullet in the chest. She fell at Professor Deschanel's feet, bleeding profusely. She was arrested. It appears she is mentally deranged. She said Professor Deschanel had slandered her and called in heart-breaking tones: "I have avenged my friend."

Mr. Roussel is a Frenchman and a graduate in dental surgery of Paris and New York, with a large American clientele. The case was adjourned for a fortnight to hear counsel for the defense, the defendant not being represented.

Sickness in the Army.

WASHINGTON, Jan. 19.—Reports from the Philippines indicate a great deal of sickness prevailing among both Naval and Army officers on duty in the archipelago. Long terms of duty in these islands are likely to impair the most robust constitutions, according to the views of Army and Naval medical officers, and a limitation of duty terms in the Philippines to a period of two years is strongly advocated. This practice was followed by the Spanish authorities when they were in control.
